

INFECTIOUS DISEASE AND HOST DEFENSE (IDHD) TRACK

Courses and Curriculum

The table below outlines the planned progression through the BMS core curriculum and the IDHD Track. During the first year, through discussions and laboratory rotations (IDL 594), students begin the process of selecting a dissertation mentor. Selection of a mentor must be completed by the end of Year 1. This is followed by the selection of a Dissertation Committee consisting of at least four additional members. Students are encouraged to

GIS 501 Responsible Conduct of Research
MIC 590 Special Topics (Summer Semester)

IDHD Core Curriculum

Year 2 All of the following courses:

MIC 530

Guidelines for Presenters

- Choose an appropriate journal article.
-
