CIS 497/498 Senior Capstone
Special Permission Form

A comprehensive team project will be completed and documented. Writing assignments will reinforce the importance of life-long learning, leadership skills, and the ethical issues of computing as well as appropriate resume and job application cover letter creation. Oral and written reports will be required. This course is to be taken the final semester of the student's degree program or be a summer semester degree candidate.

Students must submit this approval form to the School of Computing office before the closed course override will be processed.
