

experience as well as experiences with student support and services at the University. The GSS is conducted electronically and data collection for the GSS occurred from February 2020.

Historically, the Office of Institutional Effectiveness administers the survey during the fall semester. However, the survey launch took place during the spring 2020 semester due to the restructuring of the survey instrument. Students were invited to participate via email and emails were sent to non-respondent students every three days until the close of the survey.
